FROM: HUSSEIN ALDIS, RPM Field Investigation Team

SUBJECT: Laboratory Chemicals in Maritime Building, 311 Western Ave.,
Seattle, 98104. WAD 980-722607

I contacted Lt. R. Jackson of the Seattle Police Bomb Squad who assured me that they had removed the Picric Acid and assorted ethers from the third floor laboratory storage area in the Maritime Building. He also said that all chemicals had been removed afterwards. Lt. Pavay of the Fire Marshall's Office informed me that the area was cleaned up and the chemicals shipped to Arlington, Oregon.

Mr. Sandy Hopson of the Maritime Corporation confirmed that all chemicals were removed in 1981 by NW Tank Service Inc. Larry Peterson of NW Tank Service confirmed this from memory.
